

Community Relations

The Building and Grounds Department strives to communicate with the community concerning:

- **Construction Planning**
 - Focus and task force groups**

- **Levels of satisfaction for services provided by the Building and Grounds Department**

- **News articles in the local papers**

- **Building and Grounds web pages on the school district web site**

- **Community Education use of the school district facilities in a typical year:**
 - **The facilities are used by the community almost every day of the week**
 - **1600+ building permits are issued estimating 500,000 people using the facilities**
 - **150+ outdoor permits are issued in estimating 20,000 people using the outdoor facilities.**
